

# THE SNAKES GAME

Did you know the werewolf game? Discover the snake game.

There are 4 Snakes: Naked, Solid, Liquid and Solidus. And 1 fake Snake: Venom. Each player draws a card. the player who drew Venom Snake happens to be the odd one out. It must not be discovered. Each player has 30 seconds to make it clear that he is not the intruder and to stay in the game.

When everyone has spoken, the 5 players vote and decide who to eliminate. The eliminated player reveals his card. If he is not Venom Snake, the game continues.

In the next round, when there are 4 players left, you will have to do the same. The player being eliminated will have the right to vote, forcing the number of voters to be odd.

## The Psycho Mantis card:

If you are 6, you can insert the Psycho Mantis card. The player with this card has the right to exchange the cards of two players at the start of the turn. The players will close their eyes.

He can also not change cards.

This player does not take part in the vote and only serves to cast doubt on the game.
